clickable

1 Allows to filter the property under the Project (in advanced search)

procedure for **to copy** an advertising link:

1. Visible ad links are those that are free of advertising
2. This is the first agency **glue** the link can be promoted,
3. A is the agency recommended an agency B to advertise.

When the agency B copy the link in the advertising tab:

1. A URL link is opened, the agency B glue the advertising link which he advertises and sends a small "V" key to confirm.
2. At that time, the seller and the agency A receive an email informing them that the advertisement was made by the third-party agency
3. advertising tab disappears from the dashboard on the property in question.
